

Coverage at departure

Issued 2026-10-08 | Alex Morgan | Document s06-northstar

Fictional policy

For this demo, active employee medical and dental coverage ends at 11:59 p.m. Pacific on the last working day. This differs from the source inspiration and is intentionally aligned to the current JobSwitch fixture.

Individual confirmation

Alex Morgan is scheduled to leave October 16, 2026. Coverage and dependent participation must be verified separately with HR. No continuation selection is recorded in this policy.

Next action

Ask for the exact end date and the available continuation information. Do not cancel existing coverage or select a plan on the employee behalf.
