

Former-employee payroll access

Issued 2026-10-20 | Alex Morgan | Document s07-guide

Personal access

Use Northstar Pay Archive, a fictional former-employee portal, for pay statements and tax documents. Your work single sign-on ends at departure; the archive uses a separate personal registration.

Registration window

A demo registration invitation was issued October 1, 2026 and expired October 16 at 5:00 p.m. Pacific. Contact payroll@northstar.example for a fresh invitation. No working code is included.

Records and contact details

Pay statements remain available for three years after the last statement in this fictional policy. Tax documents follow the annual publication schedule. Review your contact information in the secure portal.

Boundary

Access to a pay statement does not prove a bank deposit. Never email a password, bank information or a government identifier.
