

Screening evidence checklist

Issued 2026-10-05 | Alex Morgan | Document s02-checklist

Case reference

Demo case OBL-SCREEN-042 | Alex Morgan | Target start October 19, 2026.

Requested evidence

Provide an education-completion attestation and a current-employment statement for Northstar Studio. Because you are still employed, an expected departure date must be labeled expected, not completed.

Submission channel

Upload evidence through the fictional secure screening portal by October 8, 2026. Do not send identity documents or sensitive identifiers by email. A simulated portal receipt is sufficient for this demo.

Completion rule

Uploaded documents do not mean the background check is cleared. Orbit People must send a separate clearance confirmation.
